Vessel Condition Statement

Note: Once price agreement has been reached in the sale process, it is normal for the purchaser to progress to sea trial and survey. It is imperative that vessels are presented to the market openly and honestly, in order for them to progress through "without surprises"- risking the loss of a potential sale.

- | | |
|--|------------------------------------|
| 1. Are all items detailed in Appendix 1 in working order?
(If no please provide details below of known problems) | Yes / No |
| 2. Are there any known issues which may result in notation by a marine Survey?
